### **COACH DRAKE**

Some of you may not be aware of this but Coach Drake has been in the hospital for over 2 months and finally has a room at Devonshire Village, a care facility. I've attached a note from Dolly that she sent to me to share with you. I know that Dolly and Clare appreciate all of our kind thoughts and best wishes.

Hi Dan.....

A quick note to wish all the Alums a fun time as I am sure they will have!! Have never properly thanked you for the loan of the transition chair. Thank you so much, we will return it promptly soon. Clare is settling in at the Devonshire Village, so close to our place which will make my winter driving a lot easier when the snow flies. I have been lax at letting some of the boys know what has happened lately, two months plus in hospitals and now has long term care as needs two assists. Great family support so am really lucky, hard as it is to see him in a tough situation.

Give our best to all the guys and Gena.

Dolly
