Hockey Marathon Returns To Chestermere

Calgary, AB – Here we go again. For 11 days 40 men will return to the ice in hopes of raising 2 million dollars for the Alberta Children’s Hospital Foundation (Brain Health for Kids) and for High River Minor Hockey.

“Of course we are going to do it again,” spoke Alex Halat, the person responsible for the marathon, “2012 was such an amazing success but I am confident we can raise more money for the kids.” May 4-14, 2014 the town of Chestermere will once again be home to 40 men as they skate their way into the hearts of community.

Fundraising efforts have begun and the goal is high. With eight short months until puck drop the motivation is there to set records, raise money and raise awareness. The best part of this year’s hockey marathon is players, organizers and the town will know what to expect in preparation for May.

About the Alberta Children’s Hospital Foundation

The Alberta Children’s Hospital Foundation raises funds for excellence in child health, research and family centered care. Through the generosity of donors, the Foundation provides funding for innovative programs, state-of-the-art equipment, advanced medical training and internationally-recognized pediatric research. www.childrenshospital.ab.ca
