NEW THIS YEAR!!!!!!!

The first (maybe) annual **WHACK "N" DRAFT**

This year we have arranged to have a 9 hole shoot gun start at Inglewood Golf and Curling Club, 4:30PM, Thursday, October 13, 2011. Obviously weather permitting. It will be followed with the complete HHL team draft selections for all the successfully selected participants of the 2011/12 season. The green fees, carts and food will be covered by the Hoser Hockey League.

This event **should be attended** by all the successful applicants to introduce you to all your 2011/12 team mates, organizers, sponsors, and ***dysfunctional*** executives!! We would also like to be able to take individual and team pictures for the website at this time. **Only your participation will make this event work!!** It is not focused around the 9 hole golf game therefore prizes will not be asked for or given out. It is to help build the camaraderie of the players and start the season out on the right foot.

Please check the box off on the previous page as to whether you will be able to attend or not!

Thanks and let's have some fun!!!

The Commish, Grusie

Trivia on "HOSER" Origins

Like the very similar term *hosehead*, the term may have referred to farmers of the Canadian prairies, who would siphon gas from farming vehicles with a hose during the Great Depression of the 1930s. The expression has since been converted to the verb 'to hose' as in to trick, deceive, or steal - for example: "That card-shark sure hosed me." Hosed has an additional meaning of becoming drunk - for example: "Let's go out and get hosed." Another possible origin is derived from hockey slang. Before ice resurfacers, the losing team in a hockey game would have to hose down the rink after a game. Thus the term "hoser" being synonymous with "loser".
