

## **Weekly MVP Winner!**

Our first player of the week has been drawn and the winner is Mahara Gibson of the Pee wee C2 team.

Coach Adam submitted this following nomination:

“Mahara has just returned from an extended vacation and has recently joined our team in the beginning of December. Mahara has displayed perseverance and determination to give her best effort every time she is on the ice. Our team experienced a downfall in a game where our opponents took the lead 2-1 with 2:30 left in the game. This did not deter Mahara from displaying leadership and motivation to the other players on her line. The moment the puck was dropped after our opponents’ goal it took 7 seconds for Mahara to win the face off at centre ice and stickhandle through the other teams defensive players to put the puck in the back of the net. Not only did this tie the game it gave the rest of our girls on the team the notion that they could win this game. Although through enormous pressure the game resulted in a tie with all Ravens leaving the ice with the feeling of victory to a team that has defeated us all season. Mahara's encouragement and dedication to the team has been displayed the moment she met her teammates and should be recognized. Well done Mahara!!”
